LILIEN WONG

ABOUT LILIEN

Upon graduating with a 1st Class Honours in law in 2010, Lilien joined Shearn Delamore & Co. In 2014, she received scholarships to pursue her postgraduate studies and obtained a sabbatical from the firm to complete a full time LLM programme. She returned to Shearn Delamore & Co in 2016 upon obtaining a Distinction in Master of Laws (International Commercial Law).

Lilien was made a Senior Associate in 2016 and was promoted as a Partner in 2019.

Lilien represents clients in commercial litigation and arbitration, both domestic and international. Whilst Lilien has represented client from various industries on a wide range of disputes, she focuses on disputes in e-commerce, telecommunications & multimedia, social media, project development and gaming activities.

Lilien also has extensive experience in regulatory compliance work which fall under the purview of various authorities including the Competition Commission, the Communications and Multimedia Commission, the Malaysian Aviation Commission, the Anti-Corruption Commission and the Personal Data Protection Commissioner. Aside from advisory matters, she conducts and designs review & compliance programme for clients. Her experience on regulatory compliance work covers a full spectrum of commercial activities spanning key industries; e-commerce, energy, oil and gas, general merchandising and retail, logistics, pharmaceutical, healthcare, medical devices, telecommunications and multimedia, aviation, construction, fast moving consumer goods, direct selling, manufacturing and distribution, hospitality, insurance, banking, paint manufacturing and production, automotive and others.

In addition to contentious and advisory work, Lilien often designs training programme and offers training for clients on data protection, antitrust, anti-corruption and dawn raid.

Work aside, Lilien regularly acts as judge in moot competition organized by various institutions (such as AIAC, ALSA, CIETAC, KPUM, University Malaya, UUM, BAC, Taylor's University and NAMCO).
